The MASON LINE

THE POWER OF ADVERTISING; Roy Davis, local escrow executive almost escrowed himself in the High Sierras recently. In answer to an ad, guaranteeing wonderful deer hunting in untramelled wilderness area of the Sierras, he made a fast predawn trip to Bishop where he was scheduled to take off by plane in the early A. M. for the hunter's paradise. Even with a shuttle service in full swing, it looked like Yankee Stadium at World Series time. He got off at one P. M. and after a hazardous plane trip found the remote section so peopled with hunters that even all deer signs had been obliterated.

TWO LOCAL LADIES HAVE been commiserating with one another about the favt that overtaxed telephone service has made it necessary for them to be on party lines and neither has been able to use her phone for hours on end because someone else is always on the line. The other day one of the friends tried to call the other and to her utter dismay was informed the connection could not be made as her friend was the other party in her two party system.

THE LIONS AND KIWANIS Clubs are so elated over having staggered through a full nine inning ball game recently that plans are being made to have at it again as part of a gigantic opening ceremony for the new lighted field which should be readied some time in October.

Moving pictures of last month's grueling battle will be shown at a joint meeting of the two Service Clubs and their wives on the evening of October 8th at Friendship Hall.

Crosley Carnival Slated For McMahans

A two-day Crosley Carnival, with plenty of food to eat, will be held this week-end at McMahan's in Lemon Grove, according to Don Dolence, manager.

Friday night at 7:30 Lemon Grove club women will be invited to see the demonstration of all Crosley products which includes the range, washer, dryer, refrigerator, TV and radio.

Ham sandwiches from a ham cooked in a Crosley range during the demonstration and coffee will be served.

On Saturday the demonstration will be open to the public with food being served at 10:30 a. m. and 3:30 p. m. All Lemon Grove residents are invited to attend this demonstration.

McMahan's will be open until 9 o'clock both Friday and Saturday nights for the demonstration, Dolence said.

Charlie Miller Passes At 79

Lemon Grove lost one of its oldest residents with the passing of Charles G. Miller, 7953 Mt. Vernon, founder of Miller Dairy serving Lemon Grove folks since 1926. Mr. Miller died Sunday at the age of 79 after being ill for almost five years.

Charles Miller came to Lemon Grove January 1, 1911, from Ohio and has spent all of the 42 years in Lemon Grove. Besides operating the dairy which bears his name he was a citrus rancher and foreman of the Lemon Grove Citrus Association. In earlier days he was very active in civic affairs. Mr. Miller was a member of the Holy Name Society of St. John of the Cross Church and also held membership in the Modern Woodmen of the World.

He is survived by his widow, Catherine, three sons in Lemon Grove, Hubert J., Edward F., and William P., one son in San Diego, Charles N., one son in the U. S. Air Force, Lt. Col. Ralph Miller, and one daughter, Florence Eastwood, of Los Angeles.

"Gossip," according to Mildred Heubsch, "is a way of saying nothing in such manner as to leave nothing unsaid."

AN EDITORIAL

By Max Goodwin

The REVIEW is mad at William Miller, general, British Army, retired.

We're mad because he impugned the integrity of every newspaper in the area . . . and on the very eve of National Newspaper week, yet. (October 1 to 8th.)

Miller made one of the most idotic attacks he has made to date. For the benefit of those who haven't been exposed to the freneticism of his attacks on the Spring Valley sewer plan, he is the spokesman for the Mountain Valley Taxpayers Association the latter, composed mostly of reasonable and thoughtful citizens who are opposing the present sewer plan.

We're mad at Miller because he is reported to have rejected a public forum between the press and sewer proponents and opponents which would have educated and informed interested taxpayers. We're not mad because he turned it down but we are sore about his announced reason.

He told a group of his followers at a public meeting last week that the press would supply the questions in advance to the Spring Valley Federated Sanitation Committee and deny them to the Mountain Valley Taxpayers Association. That would make the proponents of sewers look good, he contended. By such charges he accuses the press of conspiracy.

Conspiracy, according to Webster, is a combination of men for an evil purpose, an agreement . . . to commit crime in concert, as treason.

Against such an allegation, all America, beginning October 1st, will pay homage to the nation's newspapers, and to the honesty and integrity which makes up the lifeblood of a free press, which in turn, is a major force in keeping America a free people.

Miller has led his group against the Spring Valley sewer plan which was developed by qualified engineers and approved by the County Supervisors. It is the Mountain Valley Taxpayer's Associations' inalienable right to oppose the plan. It is Miller's right, too. But it is not Miller's right to ridicule and deride those who want to see the sewer plan voted in. We have heard him publicly ridicule local citizens who were attempting to hash out differences in open and public meetings, meetings that are part and parcel of our democratic processes. We have heard him question the honesty of our duly elected officials and charge some of our most respected citizens with being perfidious because they wanted to see sewers in Spring Valley and because they owned property there. We have heard him make fatuous plays on names of some of his antagonists, presumably in an effort to make them quit the fray in disgust.

Such tactics are unsportsmanlike, un-American and deplorable. Every newsman with a drop of printer's ink in his blood ought to answer "Vapid Willie" Miller's charges. The issues are clear cut. "Vapid Willie" ought to know you can't traffic in on totalitarian tactics under the guise of democracy and perpetuate a free people. Charges such as "Willie" makes against the press was part of an advance column which eventually lost for the people of Germany, Poland, Argentina and Spain, their freedom. First the press was called dishonest, then shackled. Without a free press to present facts to the public, freedom perished. Such is the fabric of the charges made by "Vapid Willie" of newspaper conspiracy in the Spring Valley sewer project.

As for the newspapers, the REVIEW has been to many gatherings where the area press was in attendance. We cannot recall a single instance where all the press representatives agreed on any matter of controversial nature. Not because they couldn't discern the right way from the wrong but rather because they were studiously attempting to report the "other side" because it is the people's right to know. In spite of the fact that such attacks as made by "Vapid Willie" gnaws at the very foundation of our freedom, some of the local papers probably will defend him. But if they do, it will be without wild-eyed oratory, frenetic in presentation and completely lacking in syllogism. They will defend "Willie" because newspapers historically disagree with one another. This is inherent in presenting the "other side" of the news. It's part of the controls and balances which preserve our democratic principles.

You see, "Willie", newspapers not only traffic in democracy, they practice it ,too.

—MAX GOODWIN, Publisher.

Invited to attend the affair are the members of the Business Women's League who took part in the program of the community baseball game. Members of the various clubs are requested to bring additional guests. Dinner will be served at 6:30—price is $1.50 per plate.

Any person wishing to attend should contact a member of the three clubs.

FREE MAYTAGS FOR PLAYERS

Maytag factory will contribute one Maytag washer to the outstanding player each day of the World Series according to Bob Browne, local dealer in Maytag products.

C of C Patrolman Picks Up Alleged Car Thieves

A stolen car was picked up in Lemon Grove by Hal Johnson, Chamber of Commerce business area patrolman, before the owner, a Nestor, California man, knew it was stolen.

The auto belonged to George Wallace. He was notified that his car was in Lemon Grove after Patrolman Johnson chased two men north on Massachusetts and cornered them at Palm and Allison. He reported they were wetbacks. The men were booked for drunkenness and car theft by Johnson. They registered with a Tijuana address.

Patrons To Get $5,000 At Dog Track

Dog racing enthusiasts now are awaiting the finals of the year's second free $5000 public handicapping contest, slated for Friday night, at the Caliente Greyhound Club. Inasmuch as nobody was able to claim the entire prize by picking seven straight winners during the regular 10-weeks' competition, the $5000 will be distributed to the public in amounts ranging from $2500 to $250. Admission to the track will be free for this occasion.

The Greyhound Club is presenting 10 races nightly, Wednesdays through Sundays.

Hospital To Start In '54 If Bonds Pass

Actual construction of the $2,000,000.00 100-bed Grossmont District Hospital will start early next year if the bond issue to help finance it passes, according to Andy Benson in a talk made before the Foothills Ministerial Association Thursday. Benson is a member of the Hospital Citizens Committee Speaker's Bureau. The bond issue will be submitted to voters at a special election October 27.

The $800,000 in bonds to be voted on can be paid back over a 20 year period, using only the tax rate already being assessed, the speaker said. This rate is 20 cents per $100 valuation and first appeared on the 1952-53 tax bills. District officials estimate the repayment of bonds and interest can be accomplished without increased tax rate after the hospital is built and put into operation.

Money raised from this rate is being used presently to pay for operating the district, to make necessary surveys, pay architects and engineers' fees, to purchase the site for the hospital (which has been purchased and paid for in full), and to make improvements on and near the hospital site to provide adequate access roads, water and sewage supply and other essentials.

Using the $800,000 bond issue and the $1,173,700 given as an outright grant by the federal and state governments, the hospital can be built without any more cost to the taxpayers, the speaker said.

Actual payment of the $1,173,700 grant has been authorized but will not be made until such time as the voters have approved their $800,000 bond issue, it was explained. If the bond issue should fail, the state board, because of the urgent need of additional hospital facilities in this area, would allocate it to the district having the next most urgent priority on the list.

The speaker explained that the district hospital would be entirely under the jurisdiction of the board of directors, the members of which are elected by the voters of the district. The obligation to the federal or state government is that it be operated as a hospital for 20 years. The present board will operate the hospital as a class "A" institution.

Voters who anticipate being out of the district at the time of the special bond election for the Grossmont District Hospital on October 27 may secure absentee ballots and cast their vote in advance, it was announced by Homer Streich, of the hospital district. First applications for the ballots may be accepted between October 7 and October 22, Streich said. Anyone wishing these ballots should contact Streich at Homeland 6-0271.

The site for the hospital is on top of a knoll north of Highway 80. Site was annexed to La Mesa sewage and other city services could be obtained.

The hospital will receive city sewer, police, fire and other services and as a public district will be city tax exempt.

Meanwhile, support of the bond issue by organizations and clubs within the hospital district is increasing, according to Robert L. Swearengin, chairman of the Citizens Committee. A resolution endorsing the hospital and the bond issue has been adopted by the La Mesa United Presbyterian Church, the Woman's Service Organization of La Mesa, the Green Thumb Garden Club of La Mesa, the Lemon Grove Kiwanis Club, El Cajon Valley Chamber of Commerce, El Cajon Junior Chamber of Commerce, the El Cajon Woman's Club and the Highway 80 Chamber of Commerce.

Two additional members were named to the Citizens Committee last week when Mrs. George Gonard of Jamul and Mrs. Frank J. Doerr of Alpine joined the volunteer group urging approval of the bond issue.

L. G. P. T. A. Sets Carnival Plans

The executive board of the Lemon Grove School P. T. A. met last Tuesday evening at the home of Mrs. Harold Randall, 7848 Nichols. Mrs. John Dail, president, conducted the meeting. Mrs. Genevieve Stewart was elected to the office of recording secretary, and the following chairmen were ratified: John Wright, carnival; Mrs. R. Bunch, parent education; R. C. Taylor, school board representative; and Mr. and Mrs. J. Avery, student dancing classes.

Carnival plans now include sponsoring a booth at each of the other units in the school district. Because of building construction still in progress at the junior high, no separate carnival at Hallowe'en can be held there this fall.

Although the first meeting of the association was held this week on Thursday evening, regular meetings will be returned to the third Thursday of each month, beginning with the November meeting on the 19th.

Plans were also made for "traveling baskets," which will be used as a fund-raising activity this year. A newsette will replace the regulation bulletin for all inside publicity. A contest is being sponsored by the association to find a name.

Next meeting of the board will be November 10.

Grand Jury Action Asked On Mountain-Valley Sewer Tactics

A county Grand Jury investigation into the tactics of the Mountain Valley Taxpayers Association Inc. has been asked by the Federated Sanitation Committee, according to Virgil W. Cash, general chairman of the latter group which is favoring the sewer plan.

Cash said he had filed the request due to the statements the Mountain Valley group have been publishing and distributing to the people of Spring Valley in opposition to the Spring Valley Sewer Bond Election to be held October 6th.

"We firmly believe in good, healthy, sound opposition to public projects," said Cash, "provided that opposition is based on actual facts as they exist. However, certain information relative to the cost of the proposed sewer system has been published by the Mountain Valley Taxpayers Association, which is not only inaccurate, but has no authoritative basis in any official records or reports made by the San Diego County Public Works Department, Engineering Division, which designed the proposed sewerage system and made the cost estimates. We believe that the voting public is entitled to the actual facts and figures as they exist in public records, good or bad, in order to formulate their own opinions as to the merits of the project."

The Federated Sanitation Committee, proponent group for the sand issue election, has submitted various documents published by the Taxpayers' Group, in support of its contention that gross attempts have been made to mislead and confuse the residents of the Sanitation District, according to Cash.

Sanchez Acquires Future 'Chief'

A boy, Jeffrey Stephen, almost made it a 10 alarm when he was delivered, all 9 lb. 6 oz. of him, to Helen and Fire Dept. Engineer Jim Sanchez, Sunday, Sept. 27th at 3 p. m. at Paradise Valley Hospital.

Attesting the efficiency of fire department personnel, Jim left with his wife for the hospital at 1:20 and the baby was born at 3 p. m.

Jeff is their only child. Sanchez resides at 7687 Burnell.

Lemon Grove Organizations Pledge Active Support of Chest

Representatives of leading clubs and civic organizations of Lemon Grove met at the Golden Avenue School on Monday night to lay plans for the United Success Drive. Among those present were: Mrs. Mildred Huebsch and Mrs. Dorothy Lower of the Business Women's League, Mrs. Beverly Hentigan of the Lemon Grove Women's Club, Mr. J. B. Yeo of the Kiwanis Club, and Mr. Roy Davis of the Lions Club. Mr. and Mrs. R. W. Zastoupil represented Cub Pack 8, Mrs. Beulah Greenlee and Mrs. Hal Crow, Helix Council P. T. A. Mr. High P. T. A. and the Campfire Girls were represented by Mrs. John Dail. John Gregory was spokesman for the Lemon Grove Masonic Club.

Also pledging their support were the Lemon Grove P. T. A., the Parents' Guild of St. John of the Cross, and the Lemon Grove Lutheran Church. Each organization selected an area of Lemon Grove for which is accepted responsibility in the drive.

Art Thomas, Chairman of the Lemon Grove Area, told the group that complete success can be assured only by the enlistment of every possible volunteer worker. This, he said, will be achieved when the community is made fully aware of vital work which the Chest Agencies perform.

Should the Chest fail to reach its goal this year the organization will be abandoned. It would mean that the 55 member agencies will be forced to operate separate campaigns in the future.

"This would create an impossible situation," Thomas asserted. "We are confronted with Community Problem No. 1, and I have every confidence that we will lick it."

'Sports Round-Up'

Happy? Sure they were! But can you blame 'em? Who you ask? Well it's like this — Helix's Frosh-Soph football team won their first game in the history of Helix. Their win was at the expense of the Frosh-Soph team of new Mission Bay High. The final slaughter (?) was 13-12. Don Olson, Halfback for Helix, was the star of the game both on offense and defense. Now can you blame a little celebrating on our part?

It took a varsity team to beat a spirited Junior-varsity team as Ramona's gridmen subdued a Helix JV team, 23-12. Lefty Farmer, Skip Roby, and Ernie Trumper scored for Ramona. Dick Young, Helix's star dashman, got off two beautiful 60-yd. touchdowns with one called back.

Helix Hi-O: Hoover Hi-O. That's what the scoreboard showed at the Carnival, Friday nite, as Hoover failed to move effectively against Helix. Helix surprised 24,000 spectators at Balboa stadium as the Highlanders (representing the East) held Hoover to short yardage. Linebacker Wayne Sweetwood & Guard Stan Davies proved a bruising combination in stopping Hoover, Karl Jordan, hard-running Fullback, did an excellent job of line-plunging, and Frank Morgan (Center) held the audience breathless as he kicked from his team's 40-yd. line to Hoover's 4-yd. line where the ball rolled dead. East was Helix, Kearny and San Diego. The West was Hoover, Pt. Loma and La Jolla. Final score: East, 7, West, 0.

Sport flashes — Helix's arch-rival, Grossmont, was humiliated last week by a Sweetwater '11' — Grossmont lost the duel, 14-6 — San Diego Junior College lost to a more powerful Pasadena JC by olny 19-6 as the Pasadenians were pressed to score that much. Carlos Fackrell, ex-Helix star, was S. D. JC's star as he played the role of the Knight in armor piercing the Bulldogs offense again and again.

Unreality Explained In Sermon

God's goodness practiced, exposes and uncovers the unreal nature of evil. So explains the Sunday Lesson-Sermon on "Unreality" in all Churches of Christ, Scientist.

The Golden Text is from I Timothy (6:17): "Charge them that are rich in this world, that they be not high-minded, nor trust in uncertain riches, but in the living God, who giveth us richly all things to enjoy."

Teacher's Family Eyes Davis' Kindly

Scores of Lemon Grove youngsters have passed through the classes taught by the husband of Mrs. Rick Stammerjohn (above) who is one of the outstanding teachers in the Lemon Grove Elementary School District.

Arlene Stammerjohn, his wife, watches over the family budget and the food on the family table with the same critical eye that Rick watches over the students as they pass through his classes on the way to adulthood.

"We like the excellent variety that is always available at Davis Food Center and we do all of our shopping here," she said. "The fresh produce department is the most appealing I have seen since we've been in Lemon Grove and that's four years. The meats seem to be better quality and we thoroughly enjoy making purchases in their butcher department."

Arlene is bookkeeper with Gold Arrow Dairy Co. and is a regular shopper at Davis Food Center at Broadway and Olive. Davis is open seven days a week and a newly enlarged parking area has been opened for the convenience of patrons. —ADV.

Kiwanis Steals Lions Thunder At BWL Ball

About 100 members of the Busiess Women's League and their guests made up a resplendent turnout Saturday at Casper's Rancho.

The annual event, usually entirely social, bowed to a little new business involving the formation of a subordinate organization, named the Business Wome's League Auxiliary.

Named as officers of the auxiliary amid considerable fanfare were: Kiwanis member Harmon Russell, president; Kiwanis member Luther Hussey, treasurer; Lion member Grant Hadley, secretary. The BWL whose husbands are for the most part Lions are wondering how Kiwanis members were railroaded into key spots.

Considerable furor resulted following the initiation. It cost Secretary Hadley a 50c initiation fee but he was kissed by 8 attractive members of the BWL as part of the initiation. Publisher Max Goodwin followed the same course but he was given $4 in 50c contributions by the same women. Hadley is demanding a recount and explanation of what happened.

B.W.L. Takes An Auxiliary

Ina Leonesio

The Business Women's League of Lemon Grove held their annual Autumn Ball Saturday at Caspers Ranch Club. A reservation list of 98 proved the anticipation and excitement Lemon Grove people felt in looking forward to the affair.

The decorations cleverly carried out the theme of Lemon Grove with gilded lemons made into modernistic designs, caused much comment and the decoration committee to be congratulated are Jean Nicholl, Patricia Cole and Francis Roman.

Among the highlights of the evening was the initiation of the B. W. L. Aux. their pledge to support the Business Women's League in their beautification project and their promise to do all the hard labor. The B. W. L. Aux. elected as their president Mr. Harmon Russell, for secretary Mr. Grant Hadley and for treasurer Mr. Luther Hussey.

The Anniversary Waltz was played for Mr. and Mrs. Pete McQuire who were celebrating their 25th wedding anniversary. Happy birthday was sung for Mrs. Palmer Svalstead and Mrs. Bruno Leonesio, and "Here Comes the Bride" was played for Mr. and Mrs. Jack Miller who were married earlier that evening.

TO DEBUNK SOME BUNK!

Reports are being circulated that we are emphatically

supporting the Spring Valley Sewer project for the

reason we are large holders of land and Real Estate

in Said Districts.

THE TRUE FACTS ARE!

(1) Our Company does not own a dimes worth of land or Real Estate in the Said Spring Valley District.

(2) Our Comprehensive field surveys of this entire district show that no matter whether you live on Mt. Helix or down by the Vinegar Works — Public Sewers are needed badly — in fact they are now three years overdue.

(3) Public Sewers are a good investment — "In a Growing Community you gotta have 'em". 10 to 15 years to pay will work no hardship on anyone. Remember! What it costs without Sewers! Don't kid yourself.

Builders — Engineers — Real Estate Brokers 40 Years

P. S. East Lemon Grove Voters — For Goodness Sake — Vote YES, October 6, 1953. Give East Lemon Grove a chance to get out of the "Sewer Soup" at Nominal Cossts.

VOTERS IN THE SPRING VALLEY SANITATION DISTRICT REMEMBER THESE FACTS WHEN YOU VOTE OCTOBER 6th

1. The proposed Spring Valley Sewerage System means the difference between success and failure of our Community.
2. The constant health hazard to you and your family will be ended once and for all. The County Health Director has declared this to be an emergency area.
3. It will protect the domestic water supply in Helix Reservoir from pollution.
4. It will prmit you the unlimited use of garbage grinders, automatic washing machines and dishwashers.
5. There is no alternate plan. The city of San Diego does not want us and cannot take us under any circumstances.
6. This plan will actually constitute the first portion of the County Master Plan.
7. Your property values will be stabilized and improved.
8. Development of the area will add thousands of dollars to county tax revenues and will bring in millions of dollars of new spending money during the next few years.
9. The construction cost of our two new proposed high schools will be reduced by approximately $200,000.00 by not having to build their own sewage disposal facilities.
10. The cost of the system to the average home-owner (60 ft. lot with $2,000.00 assessed valuation) will average approximately $3.33 per month or 12 cents per day over the 25 year life of the bond issue, including the cost of lateral and hook-up to your house.
11. You can't maintain your septic tanks and drain lines over a long period of years any cheaper than the sewer will cost you.
12. Once you are connected to a decent sewer, you are forever free of further trouble and annoyance.
13. The proposed system will provide the basic network of trunk and collection lines for all future users.
14. The proposed treatment plant is modern and acceptable to all official health agencies.
15. The proposed system will provide THE GREATEST GOOD FOR THE GREATEST NUMBER.

YOU NEED THE SEWERS — AND YOU WANT THE SEWERS NOW IS YOUR CHANCE TO GET THE SEWERS

FOR BETTER COOKING

BETTER GO ALL-ELECTRIC

Go *all*-electric and you actually buy your electricity at lower rates. Yes, economy alone should make you switch to electricity — for both cooking and water heating.

Of course — there are other benefits:

Cooking electrically is automatic. Quicker, easier meal-preparation — in the cool, clean, relaxed, modern manner — allows more attention to varied menus and healthier meals.

Your water-heating problems disappear. Electric water heating — completely automatic — is safe and convenient. It's so easy to heat water electrically — so reassuring to know there's always oceans of hot water for instant use any time, any place.

Today — see your dealer and discover for yourself why it's best all ways to go *all*-electric — both cooking and water heating.

Too Much or Too Little

"There is hardly anything in the world that some man cannot make a little worse and sell a little cheaper, and the people who consider price only are this man's lawful prey. It's unwise to pay too much, but it's worse to pay too little. When you pay too much, you lose a little money - - - that is all. When you pay too little, you sometimes lose everything, because the thing you bought is incapable of doing the thing it was bought to do. The common law of business balance prohibits paying a little and getting a lot. . . IT CAN'T BE DONE."
